Cum aleg o oferta/nisa

**De ce am nevoie pentru a incepe prima
campanie**

Promovare prin SEO

- **Pas1:** Acceseaza Ebay/Amazon si alege o categorie cat mai specifica pentru care generezi o lista de cuvinte cheie.
 - **Pas2:** Introdu lista de cuvinte cheie in Google Keyword Tool si pastreaza-le doar pe cele cu peste 3000 de “exact match searches” pe luna
 - **Pas3:** Cauta fiecare cuvint cheie ramas pe Google intre “ghilimele” si pastreaza-le doar pe cele cu mai putin de 350.000 de rezultate.
 - **Pas4:** Scrie cate un articol despre fiecare produs si il populeaza-l cu link-uri de afiliere.
 - **Pas5:** Cumpara un domeniu relevant pe care instalezi wordpress si incarci articolele scrise
 - **Pas6:** Fa o campanie de article marketing si una de social bookmarking pentru site.
 - **Pas7:** Mergi la pasul 1. & PROFIT
-
- Daca ai repetat de ajuns de mult aceasta bucla sigur ai ajuns la 1000\$/luna
 - **Instrumente utile (la inceput nu sunt necesare):**
 - Market Samurai – pentru pasii 2 si 3. – 149\$
 - Unique Article Wizard (67\$/luna) / Social Bookmarking Demon (147\$) – pentru pasul 6
 - Exemple de nise: "milk frothers“, "bicycle seats“, “betadine solution”, “purse organizer”, "crazy socks“, “gold toe socks”, "nikon flashes"

Panasonic VIERA TC-L42D2

[Overview](#) | [Specifications](#)

LCD TV BUYING GUIDE COMMENTARY

Panasonic is entering the LED TV market in 2010 with the D2 line of LED edge lit LCD televisions. LED backlighting allows for a wider color gamut, improved black levels, wider viewing angles and more even backlighting than traditional CFL backlit LCDs.

To control motion lag and jitter the D2 series uses Panasonic's 120Hz motion picture Pro 4 technology and 24p playback for film content on the 1080p IPS panel. We haven't been overly impressed with 120Hz and higher frame rate conversion on film material in the past but some TVs did it better than others so if we get to do a full review of the TC-L42D2 we will be sure to let you a variety of content and report back.

Other features of the D2 series include a Universal iPod Dock, USB connections, Viera Image Viewer for easy viewing of JPEG images on an SD memory card and Viera Link for communication and integration between similarly equipped devices. 4 HDMI inputs provide plenty of inputs for your home entertainment equipment.

Apidexin Review

Apidexin contains 8 patented ingredients. What's the big deal about patented ingredients? They are proven to work. You can't simply pay money to a patent, you must provide clinical evidence that your ingredient is safe and promotes significant weight loss.

Apidexin is ideal for someone who wants a diet pill / fat burner that contains some of

Phenphedrine is the strongest weight loss and appetite suppressant around. It's one of the only products we reviewed that surpassed the weight loss results of the now banned **Fen-Phen**. It would have been ranked #1 if it had not been for its slightly below average safety score.

Work At Home Mom Makes \$6,397/Month Part-Time

How You Don't Consider Working Online?
 Many like to work from home, but it's not until you get the best of both worlds that you think about it. You can work from home and still have a family with children who are in school.

Mary Smith makes \$6,397 a month working from home. She is a mom of two children. Other moms are working from home too.

I read Mary's blog, she sounds so excited to be able to work from home. I am really interested in it. I am going to look into it. I am going to look into it. I am going to look into it.

Working online has been a revelation for Mary. She is happy to work from home and still have a family with children who are in school. She is happy to work from home and still have a family with children who are in school.

"I actually make \$5,000 to \$7,000 a month working from home."
 - Mary Smith

I read an article that said that working from home is a great way to make money. I am going to look into it. I am going to look into it. I am going to look into it.

5 reguli pentru promovarea PPC

- Optimizarea campaniilor si a website-ului este un proces continuu
- Fii gata sa pierzi bani la inceput
- Testeaza cat mai multe oferte
- Cand ai gasit o oferta profitabila extinde-o cat de repede poti, pe cat mai multe platforme
- *Fii intotdeauna atent la bugetul cu care incepi o campanie noua

Greseli pe care sa le eviti

- **Urmaresti toate blogurile, forumurile si sursele de informatii despre affiliate marketing dar niciodata nu aplici nimic**
- Crezi ca exista o reteta a succesului care peste noapte te va face milionar fara sa investesti nimic
- Cumperi informatii (ebooks, cursuri de training, premium memberships) de la autointitulatii “guru” ai industriei
- Faci un singur site si astepti sa vina profitul
- Abordezi de la inceput cele mai concurentiale pietee
- Iei decizii inainte de a avea suficiente date statistice
- Esti preocupat mai mult de etica decat de a face bani si a-ti dezvolta afacerea
